PROFESSIONAL PROFILE

I am an AI governance and regulatory compliance professional with an LL.M in International Economic Law from Queen Mary University of London. I also have specialist expertise in the EU AI Act compliance architecture, GDPR, cross-border data governance, and translating complex regulatory requirements into actionable policy frameworks. Lastly, I have a proven track record across international organisations, global law firms, and early-stage AI venture building.

CORE COMPETENCIES

AI Regulation:	EU AI Act, NIST AI RMF, ICO AI Guidance, Algorithmic accountability
Data Protection:	GDPR compliance architecture, DPIAs, Cross-border data governance, ICO engagement
Legal Policy:	Regulatory analysis, Policy drafting, Constitutional Law, International Investment Arbitration
Technical:	SQL, AI risk assessment, Algorithmic bias identification, RegTech compliance solutions, Smart Contracts.
Certifications:	IAPP AIGP (In progress), Contract Management (2025), Risk & Resilience (2023), Cyber Security (2022)

LEGAL, POLICY & AI EXPERIENCE

Founder & CEO | Sensol Limited

Nov 2025 - present

Vertical AI-powered SaaS platform automating Education, Health and Care Plans (EHCPs) and Individual Support Plans (ISPs) for UK local authorities and schools.

- Designing AI governance framework compliant with the EU AI Act (high-risk AI system classification) and ICO AI Guidance, including bias auditing and human oversight protocols.
- Conducting DPIAs for AI-generated care plan workflows processing special category data under UK GDPR.
- Developing regulatory strategy for deployment within public sector procurement.
- Domain expertise grounded in frontline SEND and adult social care practice (2023–present), ensuring product decisions are informed by real-world operational realities.

Legal Advisory Intern | The Commonwealth Secretariat

Oct 2025

- **Constitutional & Regulatory Analysis:** Conducted legal assessments of electoral frameworks for Botswana and Namibia general elections, analyzing compliance gaps and producing recommendations that informed Secretariat engagement strategy and identified reform priorities.
- **Cross-border data Governance:** Drafted and reviewed data processing agreements and governance frameworks for multi-country projects, ensuring compliance with varying data protection regimes and coordinating documentation across international stakeholders.
- **Policy-legal synthesis:** Contributed to Zimbabwe Commonwealth readmission advisory for Assistant Secretary-General, balancing legal compliance requirements with political considerations, document recognized internally as exemplar of policy-legal integration.

- **Judicial Independence Research:** Drafted legal opinion on Constitutional Court of Zambia judicial suspensions, providing nuanced analysis of constitutional safeguards enabling credible Secretariat response to sensitive regional developments.
- **Compliance Training Delivery:** Coordinated “Justice Kenya” event bringing together senior officials and jurists, managing stakeholder liaison, logistical execution, and ensuring seamless event delivery

Risk & Resilience Global Intern | Clifford Chance

Jan 2024 – Mar 2024

- Conducted compliance reviews emphasizing confidentiality protocols and GDPR adherence across multi-jurisdictional client matters, identifying data handling vulnerabilities and recommending remediation measures.
- Reviewed and analyzed client risk profiles for business intake processes, ensuring alignment with regulatory requirements and firm risk appetite, contributing to enhanced due diligence frameworks.
- Proofread and quality-assured business intake forms, regulatory submissions, and compliance documentation, maintaining 100% accuracy standard across documents reviewed.

Legal Research Assistant | Centre for Commercial Law Studies, QMUL

Jan 2023 – Mar 2023

- Analyzed legal implications of AI deployment in digital platforms and democratic systems, examining regulatory approaches across jurisdictions and contributing to policy recommendations on algorithmic accountability.
- Contributed to policy reports and presentations for government stakeholders, translating complex legal analysis into accessible recommendations for non-legal audiences

Legal Assistant | Centre for Arbitration, Mediation & Legal Services

Jan 2022 – Sep 2022

Provided administrative and case management support for arbitration counsel, managing complex case files and multi-party hearing logistics.

- **Legal Case Management:** Managed complete lifecycle of arbitration case files from initiation through resolution, maintaining electronic and paper filing systems in compliance with procedural and confidentiality protocols
- **Deadline Management:** Tracked and coordinated critical deadlines across multiple concurrent matters, ensuring on-time filing compliance through meticulous calendar management
- **Hearing Coordination:** Organized multi-party arbitration hearings including venue booking, document preparation, and stakeholder coordination across 15+ arbitration proceedings

ACADEMIC RESEARCH

“The Uncanny Valley: Predictive Analytics and the Decision - Point Dilemma in Child Welfare”

Examined the ethical and legal tensions arising from the deployment of predictive analytics in child welfare decision-making.

“The Asymmetry of Power: Migration and Management and the Global South”

Critically assessed the deployment of AI-driven migration management tools across Global South jurisdictions, analysing structural power imbalances, data sovereignty concerns, and the failure of existing international legal frameworks to protect affected communities.
